

REINOL[®]

Reinol Skin Safety Paste

**GUIDE FOR HOW TO USE THE PRODUCT
CORRECTLY**

REINOL

REINOL SAFETY SKIN PASTE

- Simple 3 Step Process to drive out soils, clean and condition skin
- **PLEASE FOLLOW INSTRUCTIONS EXACTLY AS MENTIONED IN ORDER TO OBTAIN BEST RESULTS**

REINOL

HOW TO USE

Step 1 – Dry Massage

- Take 4-5 grams of Reinol Skin Safety Paste on your hands depending upon degree of soiling. **DO NOT ADD WATER**
- Massage the paste all over the hands without mixing with water, in the front, back and between fingers evenly for atleast 30 seconds.
- Massage evenly, paying special attention to the dirtier and more greatly affected sections of the hands
- **IMPORTANT:** As dirty as your hands can be & irrespective of what the soiling agent is, **DO NOT ADD WATER** at this stage.

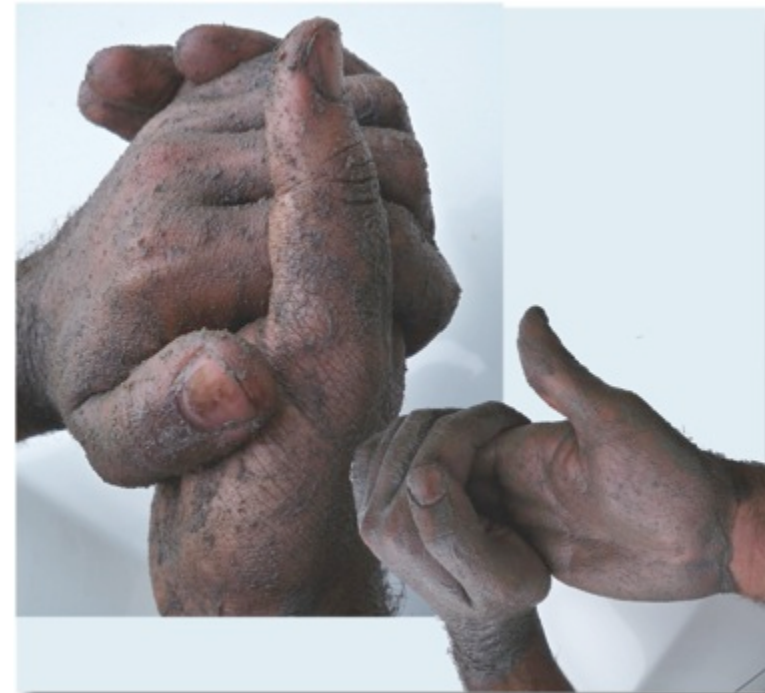

REINOL

HOW TO USE

Step 2 – Add few drops of water

- Only once step 1 is complete, only **then** add a few drops of water to the evenly spread paste on your hands.
- Massage this water & paste mixture all over the hands, in the front, back and between fingers evenly for another 30 seconds.
- **IMPORTANT:** Do not add too much water to your hands at this stage. Only a few drops will suffice.

REINOL

HOW TO USE

Step 3 – Wash off with water

- After Step 1 & 2 are complete, rinse hands thoroughly under running water.
- Please make sure that you wash the hands thoroughly, so that there is no residue left on the hands.

Do's & Don'ts / Other misconceptions

- **Do Not Add water in Step 1**, irrespective of how dirty your hands are. This is highly important.
- In Step 1, the quartz particles may feel rough against the skin, resulting in hesitation to spread evenly & thoroughly through hands. Quartz particles in the paste are especially rounded, therefore are unable to harm your skin, so there is no need to hesitate while using. **Dry usage of product will not harm your skin in any way & is perfectly safe to use.**
- Do not mix Reinol Skin Safety Paste with soap, thinners or any other such solutions.
- After usage, it is perfectly safe for users to carry out routine tasks such as eat food, wash their face & other such tasks using their hands.
- After using Reinol Skin Safety Paste, there is no need to wash hands with soap or other detergents and cleaners.
